C., March 8, 1907.

Prof. H. N. D. Parker,
Washington, D. C.
Dear Doctor—A year ago today I went to
Washington and placed under your care for
treatment by the Junod—the Vacuum—method
of enforced—restoring the—circulation of the
blood, my little girl five years of age, suffering with infantile paralysis, brought on
by a severe case of whooping cough.

It gives me great pleasure to state that
scarcely a month had passed under your
treatment that she began to improve rapidly.
When we reached Washington the little girl
could not walk a step alone.

After the first month she could go about
nicely with crutches, and today, just a year
from the date you began treatment, she can
get around with comparative ease.

I heartily recommend such cases to your
care for treatment, believing you will give

i, as you did my little girl, courteous ful and expert attention. Very sincerely MRS. C. D. HOLLAND. Fork Union, Fluvanna county, Va. November 6, 1907 Fork Union, Fluvanna county, Va.
